AGENTS DECLARED OUTSIDE OF RIGHTS

Judge's Charge Points Way to Freedom for Al- leged Bootlegger-Slayer.

WEST PALM BEACH, Fla., April 23.—(AP)—George W. Moore, alleged bootlegger, was acquitted by a jury in criminal court here today of a charge of second degree murder growing out of the slaying of Robert K. Moncure, prohibition agent, during a raid on Moore's home on January 18, last. The jury deliberated only 25 minutes.

When the verdict was read to the court the audience, that filled the court room, broke into loud applause, drawing a reprimand from Judge A. G. Hartridge.

Moore faces another second degree murder charge in connection with the death of Franklin R. Patterson, another prohibition agent, who also was slain during the attempted raid.

Following the shooting, a coroner's jury ordered Moore held for first degree murder but the county grand jury, which subsequently indicted him, denied the charge to second degree murder.

Agents Witnesses.

Two other prohibition agents, James S. Kugler and W. A. McNulty, who participated in the attempted raid, escaped uninjured. They were state witnesses at Moore's trial.

The case was given to the jury, after counsel for both sides had waived legal arguments. The trial began Monday.

In his charge to the jury, Judge Hartridge declared that, through admissions of the state, the prohibition agents were attempting to use a daytime warrant after sunset. The court held that the warrant was worthless at that time it was used and that the agents placed themselves in the position of trespassers when they came upon Moore's property at the time of the raid.

The question, therefore, said Judge Hartridge, was just how far Moore was justified in going in order to protect his home from invasion and as to whether he had the right of fear that any or any of the other occupants of his home were in danger of death or "great bodily harm."

Occupying the witness stand for about one hour, Moore declared he did not know who he shot at the time.

Wife Ill.

He said that his wife and their daughter, Ollie, were in the front room of the home. His wife, ill, was lying on the couch and a physician had been there that day to attend her. Moore said.

"I heard a noise at the back door," the witness related, stating that he thought it was his dog attempting to get in. Then he continued, there came a noise at the front door leading to the front porch.

The witness said he started toward the open front door and his wife called out, "Look out, George, we are going to shoot you." Moore said he saw a man in the back of the house.

Moore added that he slammed the front door and, keeping an eye on an armed man in the rear of the house who, he declared, was pointing a gun at him, took a shotgun from the top of a net, half-wheeled and fired through the closed door after he had heard some one on the outside cry out "shoot him three times." Then, he said, he wheeled around within a split second and, in the back room, disappeared. Moore said that he went to a doorway and saw a man hiding behind the kitchen door and peering out, with a gun in his hand. Then he fired again, he said.

The first shot killed Moncure and the second mortally wounded Patterson.

With the same gun from which the fatal shots were fired, Moore illustrated to the jury how he had stood. He brought the gun across his chest with the stock under an arm and declared "I fired through the door this way." Then, with the weapon still held with the stock beneath an arm, he declared "I shot Patterson this way."

He declared he did not know whom he had shot at the time nor who was attempting to enter his home. There was no ring of the bell and no call made for him to open up, he added.

Moore asserted that after the shooting he picked his wife up and took her upstairs and then stood at the top of the steps with the shotgun in his hands. Asked why he did

HARDEGREE CASE ENDS IN MISTRIAL

Mohammedans See Plot
To Place Low Caste Hin-
dus in High Places.

BOMBAY, April 23.—(AP)—Mohammed Ali, a noted Moslem leader who was the right-hand man of Mahatma Gandhi in the latter's earlier co-operation movements, tonight strongly denounced the present campaign for independence.

He delivered this denunciation while presiding at a huge meeting of Moslems. He described the movement as a desperate attempt to impose the domination of caste-ridden Hindus upon the Mohammedans.

Those gifted with a better appreciation of realities and a clearer understanding of the opportunity offered by the proposed London conference on Indian affairs were determined, he said, to show a united front. He said that the Indian princes already had demonstrated this attitude.

The speaker declared it would be time enough to assert India's independence if the conference failed to meet her just demands.

The meeting passed a resolution urging Moslems to stay out of the Gandhi campaign.

TWOSCORE KILLED IN INDIAN RIOTS.

LONDON, April 23.—(AP)—From 30 to 40 persons, including three British soldiers, were released on bond following the trial, attorneys stating that another trial could not be held before June, when the next docket in the same type of cases is called.

It was the second trial Hardegee had undergone in the space of many months. Two months ago, after being brought into the Court of Criminal Session and confessing the killing of Professor Johnston, who was found dead in an automobile during the National Educational Association meeting here last summer, Hardegee was acquitted on the charge of killing the professor and confessing the killing of the professor.

Eleven others had been killed in previous disturbances since Mahatma Gandhi started making sale illegally April 6 as the initial step in his independence campaign.

'HAND-PICKING' STAGE
IS REACHED BY CENSUS

Three Important Population
Announcements Still To
Be Made Here.

With special workers "hand-picking" those who not yet have been recorded as residents of the Atlanta area, the 1930 census has entered into its final stages.

Three further important announcements are expected to be made by the local director, Dr. Elizabeth Broach, the final total population of the borough of Atlanta, and the preliminary and final counts of Greater Atlanta.

The Greater Atlanta announcement will not be denoted as such as the government does not recognize broad classifications. The count is made of each separate unit within what is known as Greater Atlanta, and the announcements are of the individual units.

Regular enumerators still are employed in gathering data in rural districts where 30 days are allowed instead of the 15 as in cities for the preliminary count. Ten rural districts within Greater Atlanta remain to be reported.

Preliminary figures already announced put the population of the borough of Atlanta at 266,537, an increase of 30,000 in the last 10 years. Completed preliminary figures which include all except the 10 rural areas, place the population of Greater Atlanta at 306,397. This figure, however, is subject to considerable upward revision.

Atlanta's social welfare societies as civic assets with which every citizen should be acquainted were pictured in announcement Wednesday by Frank Miller, executive director of the Atlanta Community Chest, that these organizations are open to visitors and that sightseeing tours may be arranged for all interested.

"Superintendents of the various homes and societies will be glad to make arrangements to receive any persons who will call them with a view to making a visit," said Mr. Miller. "It will be a source of valuable information to make one of these tours.

"Clubs, societies and delegations wishing to make a tour of orphanages and relief agencies may have a booklet giving the names and addresses of all these societies, together with the names of those in charge of them by calling Miss Mary Ansley, secretary of the Social Service Index, Walnut 3213."

Prohibition 'Straw Ballots' Scored by Local Churchmen

Committee of Ministers and Laymen Decides To Have Nothing To Do With Polls.

Determination to have nothing to do with "straw ballots" on prohibition was expressed Wednesday in a resolution by a committee of ministers and laymen who met in Rich's room under the chairmanship of Marvin L. Thrower, chairman of the committee on church co-operation.

Criticism of the Literary Digest's prohibition poll was coupled by speakers with reference to the independent referendum on April 10, being conducted by The Constitution. Mention also was made of the poll to be taken by the National Prohibition Survey, an organization with headquarters in the Rhodes-Haverty building, as being "anything but a dry survey."

A resolution presented by Dr. J. Sprule Lyons, pastor of the First Presbyterian church, and adopted by the ministers and laymen, urges: "Let

Investigate THE 1930 MODEL MONCRIEF

For more than 30 years the Moncraig has been accepted as the standard furnace of the South. It has won the regard of contractors, architects, realtors and investors, and in Atlanta alone it stands guard over the health and comfort of more than 9,000 families.

Such widespread acceptance could not have been gained by an ordinary furnace. . . . But the Moncraig is not ordinary. The service it renders, the comfort it delivers and the satisfaction it affords, year after year, are all so outstanding in character as to place the Moncraig in a class apart.

Before you buy or build—or before you install a new furnace in your present home—secure accurate data on the newest Moncraig—the 1930 Model. Investigate its capacity for comfort at low cost. Examine the methods of installation employed. Learn the meaning of "Conditioned Air"—air that has been moistened as well as heated. And particularly learn the importance of Moncraig's most recent development—a type of construction that positively eliminates all possibility of smoke and gas escaping into your home.

What Do You Think Should Be Done About Prohibition?

The prohibition poll of the Literary Digest which has aroused such wide interest shows in its latest tabulations the following votes from Atlanta: For enforcement of eighteenth amendment, 1,863; for modification of the amendment, 2,684; for repeal of the amendment, 3,001.

The Constitution is giving the people of Atlanta and vicinity an opportunity to demonstrate whether or not these figures correctly represent the sentiment of the citizens of this section. This paper would like to know and it feels that its readers would, too.

If you would like to add to the securing of this expression, put an "X" in the space which expresses your opinion, sign your name plainly, in pen and ink or pencil, and mail or bring it in person to the Prohibition Poll Editor of The Constitution. Remember that you can vote only ONCE. Duplicate ballot will not be counted. To further safeguard the poll, no Atlanta ballot will be counted if the name signed to it does not appear in either the city directory or the telephone directory.

If you are interested in ascertaining whether the Literary Digest figures correctly represent the sentiment of your city and section send in your ballot at once. Your name will be kept in the strictest confidence and will never be made public in any way.

Do you favor the continuance and strict enforcement of the 18th Amendment and Volstead Law?	Do you favor a modification of the Volstead Law to permit light wines and beers?	Do you favor repeal of the Prohibition Amendment?

received ballots. "It is a fraud from beginning to end," Dr. Jones asserted.

Dr. Jones said that while the Digest poll shows Ohio as wet, that state voted dry by 189,000 in 1922. The same applies to Michigan, he declared. "It is an iniquitous proposition," Dr. Jones said.

Mrs. R. L. Russell spoke of the National Prohibition Survey as "more interesting than the Digest poll. It is anything but a dry survey," she said. Mrs. Russell said that she and Mrs. Marvin Williams had interviewed persons connected with the survey.

The Rev. L. Wilkie Collins, pastor of Wesleys Memorial Methodist church, urged that the younger generation be given facts in connection with prohibition. He declared that smuggling has increased in Canada with liquor under government supervision. He warned that any concessions on this result would mean the eventual return of the saloon.

Round table discussion of the referendum continued yesterday at The Constitution, as well as the nationwide poll by The Digest. Dr. Jones opened the discussion after Dr. Lyons had presented his resolution, and referred to The Constitution's poll in connection with his attack on The Digest straw ballot.

Resolution Adopted.

The resolution adopted at the meeting follows:

"The referendum agitation upon the liquor question is promoted entirely by interests which have been and are intensely hostile to the eighteenth amendment to the constitution, and to its supporting statutes."

"The supporters of the American constitution and the orderly administration of law see no reason for the referendum. They are agitating the public mind, concerning that particular amendment which received the most extended and thorough consideration ever given to any part of the constitution, and which was adopted by the greatest majority of states ever accorded any amendment."

"A resolution of amendment proposed by the advocates of liquor is of such a confusing, three-way kind, that no one can possibly discover the real and exact attitude of the voters. It takes its place along with the historic "shell game," which wise people long since learned to ignore."

"It is the continual evidence of the desperate lengths to which the old saloon and brewery forces will go to mislead and take advantage of the long-suffering public.

"Let the friends of a sober and prosperous nation leave such devices to those that invent them; but let a God-fearing patriotism be wet, and keep its powder dry until the real battle of ballots comes. Then show straight."

alone were served and soldiers readily had taken to patronizing such places rather than saloons and grog houses just off of the military reservations.

The veteran soldier said he personally had established such exchanges at Fort Porter, near Butler, and at Fort Clayton, in Atlanta, in Panama. After he had been relieved as commanding in the Canal Zone, he said, the post exchange, known there as a community house, subsequently had been abolished and drunkenness and insubordination soon followed.

Buck urged the committee to provide for a dispensary plan under which the licensing of breweries and wineries and distilleries would be carried out and the sale of the intoxicants placed in the hands of dispensing agents, to be appointed in the same way as postmasters. An amendment to the eighteenth amendment, he said, would be necessary to accomplish this. He argued that a dispensary system would promote temperance and improve health. Buck cited the control systems in Canada, Sweden and other countries as sustaining his contention.

Miss Harris challenged the testimony of a number of women who appeared in behalf of prohibition on the ground that they could not speak for all the women they said they represented. She contended that with the exception of the Women's Christian Temperance Union it would be impossible for one person to voice the views of all members of other women's organizations on a subject as controversial as prohibition.

Miss Harris argued that it is necessary that said grand jury have access to the voters lists used in the primary and in the election mentioned above.

The chief said Ohio penitentiary was not a safe place in which to house

4,000 or more men.

Summoned again today by the investigating committee, Warden Thomas was asked by Attorney-General Gilbert Bettman why he did not go into the prison yard, to the scene of the fire, instead of staying outside, where he previously testified he had gone to prevent any escapes.

"Because I am a managing officer," the warden answered. "I gave orders as to what was to be done. I was not the one to execute them. That was the duty of the guards."

"I went to the outside of the prison to look out against a break and to direct the firemen, policemen and troopers as they arrived at the penitentiary."

Relatives of the dead men assembled in droves outside the temple morgue in the horticulture building at the state fair grounds today where the fire victims were laid out in caskets of gray, white and pink.

Efforts were being made to identify the men as quickly as possible and to send the bodies to their homes.

Prison routine was back to normal after the fear of an early morning outbreak had been dissipated. At 4 a. m. the convicts in the idle house and in the dormitories showed alarming signs of unrest.

Several thousand men in the idle house, not in their cells, and defiant of orders from the guards, and more than 600 negro convicts quartered in wooden barracks, were reported on the verge of making a break for liberty. The armed guards were increased and state troops were set for the emergency. But nothing happened.

One hundred and forty convicts were transferred to other state institutions this morning to relieve badly crowded conditions.

For the first time since the fire and smoke spread destruction Warden Thomas ventured into the prison yard this morning. With head bowed, he went to the deputies' office and emerged to look upon the chapel building, a hundred of convicts—cellmates of the men who died—let loose a crescendo of groans and groans at sight of the warden. Thomas glared at them a moment and went on his way while guards silenced the prisoners.

The investigating committee, Attorney-General Gilbert Bettman and his assistants; State Architect T. Ralph Ridley, and E. L. Jenkins, superintendent of construction at the penitentiary, then visited the cell block.

Father O'Brien, who worked among the dead and dying in the prison yard, said the convicts themselves were the heroes of the fire. "I saw them run into the flames and smoke time after time to bring out their dying comrades. I administered the last sacrament among men whose flesh was burned from their bodies."

"They grasped my hand in recognition, 'We die.' One there was only one boy, had a cross clasped in his hands when I came upon his body. Another had made a rude cross of tiny palm leaves which he had pinned to his coat. They were convicts, yes, but heroes, too."

Father O'Brien collapsed several times while administering the last sacrament to some 100 dying Catholics in the smoke-filled prison yard. Each time he was revived and returned to his work of mercy.

CONVICT GETS \$500 FOR BROADCAST.

NEW YORK, April 23.—(AP)—A check for \$500 has been forwarded by William S. Paley, president of the Columbia Broadcasting System, to Prisoner X-46812 at the Ohio State Penitentiary in recognition of the graphic account of the prison fire he broadcast.

During the height of the fire on Monday night the Columbia system hastily assembled a coast-to-coast hookup and the prison gave an impromptu description of the catastrophe.

Demurrer Rulings in Taylor Case Explained by Howard

Account of Proceedings Given in Answer to Numerous Requests for Information, Jurist Says.

In answer to numerous letters and requests for information as to his rulings on the demurrer on the W. T. C. Taylor bribery case before him last week, Judge Gus H. Howard, of Fulton superior court, Wednesday, issued a statement giving a full account of his proceedings.

"So much publicity has been given to this matter, that I think it is due the public and the bar, as well as myself, that I give a full account of the proceedings, including those counts in the indictment that I indicated were good, those counts thought bad, and those counts in doubt about, including the arguments and authorities cited on both sides, and the reasons for my opinions," Judge Howard said.

deed made no reference to any ordinance of the city as in any way defining or fixing the duties of the clerk of council.

It will be observed that there is not much in the charter of which can be inferred therefrom which gives the clerk any official right to participate in any legislation by council or in any resolution depending before council.

Power of Council.

On the contrary, the charter of the city of Atlanta vests exclusively in the mayor and the city council all legislative power in the city.

Count one charged Taylor gave Councilman Allen a bribe to vote on a resolution pending before council to permit abandonment of certain street car tracks. Count two charged Taylor with giving Allen \$100 to influence Allen's official behavior in paving matters.

Count three charged that Taylor paid Alderman Couch money to influence Couch's behavior with regard to a billiard license ordinance. Count seven charged Taylor with giving Harry York, a councilman, money to influence York's official conduct in the matter of an ordinance to regulate billiard tables.

Count 17 charged Taylor with giving York money in reference to a street excavation petition. Count 18 charged Taylor with giving York money in connection with a West Peachtree sidewalk matter.

In Doubt on Three.

Judge Howard said he was in doubt as to three counts, which were:

Count eight, the charge that Taylor received money from one Jacobs to influence Taylor's official conduct as clerk in a billiard saloon license matter; count nine, a similar charge to a man named Pizanti; and count 18, a similar count as to a man named Pratte.

"The court expressed the opinion that counts 3, 4, 6, 11, 13 and 16 were bad and were subject to demurrer," Judge Howard said. "Before judgment on demurers was entered, the indictment was not prossed."

The counts considered bad by Judge Howard contained the following charges: Count three, that Taylor received money from one Calhoun to influence Taylor's official behavior in the matter of a resolution before council requesting the general assembly to amend the city's charter so as to authorize the city to prohibit maintenance of billiard, pool and bagatelle tables for hire or for playing which a charge is made."

Count four, that Taylor received from Calhoun money to influence Taylor's behavior in the matter of a proposed ordinance before council to prohibit billiard, pool or bagatelle tables in the city unless application for the same is made by the signature of the property owners on both sides of the location desired for one block.

Count six, that Taylor received of Woodall money to influence Taylor's behavior in the matter of fixing a license tax on billiard tables and pool tables by the city for the fiscal year from July 1, 1927, to June 30, 1928.

Count 11, that Taylor received of Carl Witt money to influence Taylor's behavior in the matter of a proposed ordinance before council to make an excavation under the sidewalk on East Harris street between the W. T. C. building and the northeast corner of Peachtree and Harris streets for the purpose of installing a sidewalk elevator for entrance into the basement.

Count 13, that Taylor received from McGee money to influence Taylor's behavior in the matter of a general council changing the city zoning ordinance so as to allow a house belonging to McGee at 255 Fifteenth street to be changed into an apartment tract.

Judge Howard's Account.

The demurrer to the counts which have just been described among other things made the objection that the indictment did not set forth any act of the clerk which could be influenced by reference to the various matters pending before council; that the clerk had no vote upon any of said ordinances, resolutions or matters; that the clerk, under the charter of the city of Atlanta, was only a ministerial officer keeping records, books and documents; that the clerk had no part in legislation; that the clerk had no vote or right to vote on any ordinance or resolution pending before council; that it was not shown how or wherein the said clerk was bribed to influence his official conduct; that the specific way in which he was influenced was not set forth; that the defendant did not set forth what the specific position was wholly and totally disconnected from the passage of said resolution; that the defendant occupied no more relation to the passage of any resolution or ordinance than any outsider would occupy; that the indictment did not set forth or show the element of bribery to any proposed ordinance or resolution; or show the clerk stood related to any action which would result in passage or defeat of any ordinance or resolution.

The various other grounds of the demurser appear therein, as will be seen by reference to it.

Common Law Definition.

Under the law of Georgia, Penal Code Section 270, bribery is the giving or receiving of any undue reward to influence the behavior of the person receiving such award, in the discharge of his duty in any office of government or of justice. This is virtually the common law definition of bribery and is in substance the definition given in many of the other states.

Section 271 (283). Punishment—if any person shall, directly or indirectly, give or offer to give any money, goods, or other bribe, present, or reward, or give or make any promise, contract, or agreement with the payment, delivery, or alienation of any money, goods, lands, or other bribe, or use any promises, threats, persuasions, or other like sinister, unfair, or fraudulent practices in order to obtain or influence the opinion, judgment, or decision or behavior of any member of the general assembly, or of this state, referee, or arbitrator, in any matter or cause depending, or which shall depend before him such person, and the officer, referee, or arbitrator, who shall accept or receive such bribe, shall be guilty of a misdemeanor.

City Clerk's Office.

The office of city clerk of Atlanta is created by the charter of which the court can take judicial cognizance. Section 304 of the charter contained in the city code of Atlanta provides that there shall be elected every four years a clerk of the city, and that his term shall be four years. Section 305 provides for his oath of office. Section 306 provides that his compensation shall be fixed by the mayor and council the year preceding his election. Section 309 provides for his term of office. Section 400 provides for the appointment of deputy clerks and their powers. Section 307 provides "his duties shall be prescribed by ordinance."

The foregoing are the only charter provisions as to the powers and term of office of the clerk. It will be seen that any other duties than those fixed by charter must be prescribed by ordinance of the city of Atlanta. The indictment in this case did not set forth any ordinance either literally or in substance and in-

not constitute an offense under the federal statutes, Judge Howard said.

Judge Howard also referred to the following decisions: U. S. vs. Gibbons, 47 Fed. 833; the Kentucky vs. Commonwealth, 20 S. W. 2d 592; Gunning vs. Cooper, 150 Fed. 162; U. S. vs. Boyer, 85 Fed. 425; Moore vs. State, 44 Tex. Crim. & App. 150, same case, 69 S. W. 521; State vs. Butler, 178 Mo. 272, 17 S. W. 560; Collins vs. State, 25 Tex. Supp. 202; State vs. Lehman, 182 Mo. 424, 81 S. W. 113.

The defendant was a member of the board of education who were charged with the care and custody of school buildings, and he accepted a bribe to influence his judgment in letting a contract for cleaning school buildings. This was as directly in the line of his official duty as anything could be.

"The solicitor and his associate counsel quoted 5 L. R. A. (O. S.) 814, the case of Potts from Iowa. In this case, a constable, acting under the powers of his office, had seized certain liquor under a state law which was issued by a justice of the peace, and it was his duty to hold until ordered by the court, and otherwise."

"While the liquor was in his possession he was paid \$100 in consideration of which he agreed to release the liquor. Thus this officer, in possession of property as an official was bribed to release it, and thus violated his official duty. The bribe was directly connected with the performance of his official duties."

Quoted By State Counsel.

Only two bribery decisions have been rendered in Georgia, Payne vs. State, 91 Ga. 367; Judge Howard said. In the Payne case, it was held that a policeman of the city of Atlanta came within the bribery statutes, and there was no doubt about the fact of the policeman being bribed in his official conduct. Judge Howard pointed out: "It appears that the policeman was held in his office in the case was fully described, the duties thereof were well known, the bribe was charged, and the thing which the officers were bribed to do was distinctly charged."

The other Georgia case, Newman vs. State, was where a person was indicted for attempting to bribe to influence his official conduct in the justice of the peace. Judge Howard said:

"The supreme court held that as the alleged appeal to a jury in the justice of the peace was void and as there was no case lawfully pending in that court between the parties with reference to which the parties were attempting to bribe, the person attempting to bribe must be held in his office in the case decision, and the conviction of the person who attempted to bribe the justice of the peace was set aside. Georgia, by this decision, has put itself in line with the current of authority everywhere that an attempt to bribe must be in reference to an official duty of an officer sought to be bribed."

Cases Quoted By Boykin.

"Mr. Boykin, solicitor-general, in his argument, quoted a number of cases which will be analyzed and none of which conflict with the cases hereinafore quoted. On the other hand, every one of the cases cited by Mr. Boykin in sustaining the contention of the defendant that the bribe must be in respect to a political duty of the officer, and unless so, the law is not violated."

"Mr. Boykin quoted the case in which he is made indicable irrespective of guilty knowledge, it is essential to the offense that the offer, promise or gift be made or accepted with a corrupt intent to influence the action of the defendant in the discharge of his duty."

"In 9 C. J. 402, the text reads as follows: 'Bribery is the voluntary giving or receiving of anything of value in corrupt payment for an official act done or to be done; the giving, offering or receiving of anything of value or consideration, or any intent intended to influence the discharge of a legal duty; or the crime of offering any undue reward or remuneration to any public officer or other person entrusted with a public duty, with a view to influence his behavior in the discharge of his duty.'

Authenticity Cited.

"Many authorities are cited in the notes to sustain the statements just quoted from the text." Judge Howard pointed out. "In 4 R. C. L. on page 185, the following is quoted from the text: 'It is, however, a universal principle that where an act is entirely outside of the official functions of the officer, no bribe is offered, the offense is not bribery.'"

"Also, in the case of Yee Gee, 88 Fed. 145, it was held that an offer to bribe an interpreter of Chinese while such interpreter was not acting within the authority of his appointment, did

not violate the law.

"Therefore, in the case just quoted,

the defendant was a member of the board of education who were charged with the care and custody of school buildings, and he accepted a bribe to influence his judgment in letting a contract for cleaning school buildings. This was as directly in the line of his official duty as anything could be.

Devisions quoted by state counsel included: 90 N. W. 17; 100 N. W. 1008; State vs. Ellis, 91 Am. Dec. 707; U. S. vs. Peeler, 16 Am. Rep. 2d; 1927; 1928 United States vs. Birdsell, 223 U. S. 238.

The seven counts of the indictment as to which the court stated it was his intention to sustain the demurser alleged that Taylor was clerk of council of the city of Atlanta; that money was paid him to influence Taylor's official conduct in the matter of a resolution to be passed before the city council of Atlanta. How could Taylor's official conduct as clerk have anything to do with a resolution, ordinance or petition pending before the city council of Atlanta? The aldermen and councilmen of Atlanta voted on the resolution and the mayor approves it or vetoes it, and other officials concerned with its passage or defeat. How the clerk in his official capacity, could act one way or the other is not disclosed and cannot be imagined. The charge of bribery, therefore, was wholly beside the mark. It is the same as saying Taylor was bribed to influence his official capacity before the city council of Atlanta. How could Taylor's official capacity cut no figure whatever. Taylor, as clerk had none of the powers of the mayor or aldermen or councilmen. It is not disclosed in any of these counts what he was expected to do in his official capacity or how, in his official capacity as clerk, he could influence a matter pending before the officials entirely and a matter which was subject alone to the decision of those other officials.

RIVERS, HARBORS BILL REPORTED FAVORABLY

Bulky Document Goes Into
Details of Measure's
154 Projects.

WASHINGTON, April 23.—(AP)—Enactment of the approximately \$110,000,000 omnibus rivers and harbors bill was recommended to the house today in a formal report by the rivers and harbors committee, while a group of middle and northwest representatives arranged to meet tomorrow to protest inclusion in the measure of the Erie-Oswego canal project.

The committee report, a bulky document, went into detail in explaining the 154 projects provided for in the bill. All this information, however, had been made public from time to time, as the various projects were adopted.

Opposition to taking over the Erie canal by the federal government as provided in the measure was based on contention that it would be an obstruction to completion of the Great Lakes-St. Lawrence river ship channel.

Church Planning \$400,000 Drive For Auditorium

The drive for \$400,000 with which to erect a big new auditorium for the Druid Hills Methodist church will be launched at a dinner at the church at 6:30 o'clock Monday night, it was decided Wednesday night at a meeting of the building committee following an address by Dr. William A. Shulman, pastor of a revival service at the institution.

Plans have been completed to have 100 workers at the dinner, Dr. R. L. Russell, pastor, announced, and the intensive campaign will begin in earnest.

According to the plan, the entire church will represent an investment of more than \$600,000 when the new addition has been completed. Ivey and Crook are the architects for the new structure and work will begin early in 1931.

Speaking on "The Consecration of Moses," Dr. Shulman pointed to the significance of the historical leader of the Jews and called on his audience to "make the sacrifice and live clean Christian lives."

"There are many distractions, but it pays to stick in the straight and narrow way," Dr. Shulman said. "Moses gave his all in the service of God, and reaped a reward even in this world which few can get. His name is embazoned indelibly on the pages of history if it were not even used in the Bible."

"We should pay the price of clear wholesome, Christian lives. The real character of a service well done is worth many times the pangs of a stricken conscience for the meager reward of sin."

Three Bandits Rob Manager of Grocery

Three young unidentified white men held up a grocery, C. J. Strom, manager of a grocery, at 405 Fifth street, N. E., ate Wednesday night directly in front of his own home at 408 Fifth street. He was returning home from the store and had the day's receipts on his person.

The men took \$65 in cash from him at the point of a pistol and escaped in an automobile. Strom told Detective W. J. Anderson and his Austin that he grabbed with the bandit who held the gun but that his two companions overpowered him and he gave up the struggle as useless.

CONVICTED MURDERER MUST SERVE OLD TERM

TALLAHASSEE, Fla., April 23.—(AP)—Raymond Mathew, alias Mathew, convicted at Tampa recently on a charge of second degree murder for the killing of Oscar G. Crawford, filling station operator, is to be re-committed to the state prison immediately to serve out a previous sentence in Volusia county, it was learned today.

Acting upon a suggestion from State Attorney Charles B. Parkhill, the state board of pardons today telegraphed Sheriff R. T. Joughin, at Tampa, to detain Mathew pending arrival of papers showing that an additional pardon given the latter on the Volusia county sentence which was for robbery, had been revoked.

Mr. Harris referred to "the need to oppose centralization of government and to protect the liberty of speech, and when our preconceived ideas were assailed; and to protect liberty of conscience, no matter how distasteful some of the results might be to us."

THREE WOMEN SAVED AS APARTMENT BURNS

Nine Narrowly Escape Death as Two Lakewood Avenue Buildings Are Razored.

Three unconscious women were rescued and six other persons narrowly escaped death when fire of undetermined origin early Wednesday morning destroyed two wooden apartment buildings and their residences at Lakewood avenue and Claire drive.

The blaze, which had gained considerable headway, was discovered by County Policemen W. A. Wells and Marion Riley, who, after summoning Engine Companies Nos. 9 and 10, attempted to extinguish it in rescue attempts.

The fire, it was learned, started in a vacant apartment at 1817 Lakewood avenue and quickly spread to an adjoining structure at 60 Claire drive before it was found. In the latter building, Mrs. W. T. McArthur, who had attempted to leave her bedroom, was carried to safety by a 22-year-old son, Joe McArthur, who greatly weakened after five months' hospital confinement, was overcome by the smoke.

Mrs. W. L. Suddeth, daughter of Mrs. McArthur, also was overcome by the smoke and was carried out of the building by a Miss H. L. Williams, who was rescued by Lando Haygood, of 63 Claire drive, who was one of the first to reach the scene of the fire. Miss Gwendolyn McArthur, rendered unconscious by the smoke, was revived at Grady hospital, where she was taken by firemen.

The home of Mr. and Mrs. W. A. Smith at 1821 Lakewood avenue, was razed by the flames which spread from the apartments. Mr. Smith, the first to awaken, coolly instructed his wife and three children to "be calm" and effected their escape without difficulty.

Pajama-clad refugees from 60 Claire drive spent the remainder of the night in the street, it was said.

STRAW HAT SEASON MAKES BOW TODAY

Merchants Plan Observance To Last Entire Week, Showing New Styles.

With the arrival of warm weather and straw hat day has rolled around, and practically all of the merchants in Atlanta dealing in men's furnishings are featuring in their displays the new styles in straws.

Today will inaugurate official straw hat week as designated by the Atlanta Retail Merchants' Association, and members of the organization have made plans to concentrate their efforts mainly in this direction throughout the week.

The opening day is expected to prove the biggest day of the week, but aside from that merchants are holding for the heaviest demand on Saturday. Everybody is supposed to have his straw hats by that time, so they say.

And "hats" is correct—two kinds of hats. This season it's going to take a Panama and a snuffit or a stiff straw for the well-dressed man. Panama will be reserved for the more formal wear, and straws have been relegated to dignified business dress. The bands this season are more conservative than heretofore.

From present indications the merchants are expecting a great increase in the popularity of sport clothes this season. They believe that it will be the greatest season in this line they have ever seen, and say that sporty outfit will be worn on all occasions not strictly business.

Company Discontinues Insurance and Loans

Announcement is made of the sale of the McKinney Mortgage & Investment Company, 302 Norris building, of its insurance business to W. R. Hoyt & Company, and of the Empire Trust Company. The company will devote its efforts in the future largely to real estate sales and property management under the supervision of H. C. Baldwin, secretary and treasurer of the company. H. F. Bailey, who has been connected with the company for several years past will continue to be associated with the company.

Charles D. McKinney, president of the company, will continue his active connection with the general administration of the affairs of the company, but relieved of many details of the business by the sale of the same. All business, except the insurance, will devote himself largely to the general practice of law, in association with Monroe Stephens, specializing in the law of estates, corporations and real estate.

Jackson Urges Use Of Bureau Facilities

"Although there are still thousands of merchants who think of the government as an agency to which taxes are paid and by which laws are made, there is a rapidly increasing number who are finding that many of the functions of this institution are designed to assist in their everyday business problems." James A. Jackson, business specialist of the United States department of commerce, Washington, said Wednesday in urging that Atlanta businessmen take advantage of the opportunities to secure information from his bureau.

He explained that approximately 43,000 inquiries, many of which came from small merchants or citizens planning to engage in business on a limited scale, were received by the domestic commerce division of the commerce department last year.

Henry O. Mitchell, district manager of the bureau of foreign and domestic commerce with offices in the postoffice building, is the local point of contact for this service.

Old Guard Members Hold Meeting Tonight

Members of the Old Guard will meet at 7 o'clock tonight for a stag dinner at the Atlanta Athletic Club. Following the dinner a drill will be held in preparation for the Memorial Day parade Saturday, when the Old Guard will have a prominent part in the ceremonies.

An item expected to attract much attention at the Confederate Memorial Day celebrations will be the presentation of a flag to official ladies of Camp John B. Gordon, a group of Confederate Veterans, in accordance with the annual custom of this organization.

Members of the camp will assemble at 1 o'clock Saturday afternoon at the Confederate Monument on Baker street, at which time the ladies will receive their badges. Following this they will ride in the procession in automobiles.

Metcalf Will Open New Store Saturday

John A. Metcalf, operator of a number of clothing and hat establishments, will open another store Saturday at 182 Peachtree street, S. W., the location formerly occupied by Bass Dry Goods Company, at the foot of Broad street.

Mr. Metcalf says that he has purchased an entirely new seasonal stock of men's clothing and hats, for his new store, and is enthusiastic over obtaining a lease on the location. The new store will be under the management of Mark Porter, who was formerly connected with the Bass Dry Goods Company.

Death of 318 Prisoners Was Unnecessary, Charged

Ohio Warden Admits Fire Precautions Surrounding Penitentiary Were Grossly Inadequate.

COLUMBUS, Ohio, April 23.—(P)—Sensation in the city that prison officials could have saved all of the 318 prisoners who died in the Ohio penitentiary fire Monday night and an admission from Warden Preston E. Thomas that no general fire precautions are taken at the institution were read into the record of the board of inquiry today.

Charges that the prison officers were negligent in their consideration of the value of human life were made by A. E. Nice, Columbus fire chief.

The warden blamed the state for overcrowding the prison to almost twice its capacity.

Chief Nice declared that all the victims could have been saved if they had been released from their cells soon as the fire was discovered. He told the board that there must have been undue delay because the fire

CLOSE DECISION SEEN IN PARKER CONTEST

Belief Grows Among Senate Leaders That Confirmation Is Uncertain.

WASHINGTON, April 23.—(P)—Real concern over the prospects for confirmation of Senator John J. Parker, of North Carolina, as an associate justice of the supreme court was shown today by senate leaders and President Hoover was advised that a close decision is in prospect.

Senator Watson, of Indiana, the republican leader, still hoped for confirmation of the nominee reported by Mr. Hoover the close division apparent in the senate will begin debate on the nomination on Monday.

There is considerable discussion in the senate over the prospect of withdrawal of the nomination but Senator Watson brought no such report back from his White House visit.

Those interested in Judge Parker are carefully canvassing the situation and until an accurate poll shows definitely established majority either for or against, no steps are looked for.

Republican leaders believe in view

of the split in the administration that a majority of the 39 democratic votes will be necessary for confirmation. There is no assurance of that a majority of the democrats in the judiciary committee voted against Parker.

ROCKDALE COUNTIAN COMMITS SUICIDE

Odell Wood, 30, Shoots Self on Highway Near Covington.

COVINGTON, Ga., April 23.—(P) Odell Wood, 30, of Rockdale county, about 20 years of age, was found Wednesday morning a short distance from Yellow river bridge with a bullet hole in his temple and a pistol lying near his body.

About midnight, Wood, his wife and Vic Maddox, of Covington, were in an 18-car pileup on Highway No. 12, between Covington and Conyers, directly on Yellow river bridge.

Two Covington men passed the scene of the wreck and offered to bring them all to Covington. The woman and Maddox got in the car and the men drove off without Wood, who later caught a ride to Covington to see his wife. After failing to locate her, he took a taxi to the officers and stated the men had kidnapped his wife and he wanted a warrant for their arrest. He seemed to be drinking and nothing exciting occurred.

Last seen of him alive was at 6:30 a.m. Wednesday morning when he returned to the scene of the wreck where his dead body was found later. An inquest was held and after all evidence was completed a verdict of suicide was returned from the location of the wound and the direction of the bullet.

A DOCTOR TELLS HOW TO GET RID OF PILES

The Best Way Unless You Want to Be Operated On

USE AT HOME—RESULTS ARE SURE AND LASTING

The awful agony and torture of piles, itching, mortifying piles and hemorrhoids have destroyed the sleep and comfort of thousands. How terrible such troubles are everyone knows. Experts have sought for years something to take the place of ugly operations, old-fashioned salves and suppositories. Thank to modern chemistry and as now proven beyond doubt in thousands of cases, such troubles are over for everybody according to the latest and most delightful (Read why one enthusiastic sufferer says now.)

"Having suffered most everything, you can imagine my delight and surprise when

even my own case responded to the new treatment known as Colic Pile Pills. I received entire relief in a few days. Best of all, with the case removed internally, the old trouble has not returned," declares Doctor Joseph M. Weller, a well-known physician and surgeon.

With doctors recommending Colic Pile Pills in place of all else and thousands of men and women, rid of their trouble, it is foolish for anyone to suffer another day. Leading drugists are promptly obtaining these pills with a swelling of the heart internally. No trouble, bother or mess. Drugists are authorized to refund money if a single user isn't relieved completely. Each bottle bears the name and is backed up by the nationally known reputation of the famous Colic Chemical Co., Brentwood, Md. They will mail full size bottle, plain wrapped, any address, postage paid, on receipt of 75c in stamps if your druggist hasn't Colic Pile Pills. (adv.)

'NUISANCE TAX' HIT BY JUDGE R. LUKE

More Equally Distributed Tax Burdens Urged in Talk Before Drugists.

MACON, Ga., April 23.—(P) "Unless tax burdens begin thinking for itself," Judge Roccoe Luke, Thomasville, Ga., addressing members of the Georgia Pharmaceutical Association at the Hotel Dempsey Wednesday predicted that "unless tax burdens are more equally borne by the people of the state there will be an open revolt in America."

Judge Luke's address was the feature of the afternoon session of a two-day convention of the pharmaceutical association here. The convention will end with a short business session Friday afternoon.

"I am inclined to believe that the drugists of Georgia care for no ills but the ills of the body," Judge Luke said. "But you should have an interest in the economic ills of the country as well. There is now a restless mind among the people nationally. It is time to do something. All economists have agreed but the others will never be found until the men affected by the ills begin to give some sacrifice."

"Unless men begin thinking for themselves in a few years, a few people will be ruling the country. No church people need to look after their interests as well; or the politicians, too, will be controlled by a small body. Unless something is done, the day is not far distant when dictation will come from Washington where I stand and my sons and daughters to school."

He was referring to the "great central buying power movement" and the threatened "nuisance tax" to be imposed on rouge, powder and similar toilet articles.

Open Revolt:

The great central buying power does not negotiate. It dictates. It won't be long before there's not an independent drugist in Georgia unless you wake up. Unless the tax burdens are more equally distributed there will be an open revolt in America and men on the streets will begin to denounce the leaders of our government."

Judge Luke was introduced by Claude Rountree.

Senator Ed F. Rivers, of Lakeland, briefly addressed the pharmacists, pledging his opposition to the nuisance tax.

A number of communications relative to the drugists' fight against the proposed legislation were read, and reports from delegates and committees were heard during the afternoon session.

An open forum discussion of Mr. Problems and How I Plan to Meet Them, was led by J. K. Patrick.

President Ed F. Rivers, of Lakeland, briefly addressed the pharmacists, pledging his opposition to the nuisance tax.

President W. D. Jones delivered his annual message during the morning session, urging the drugists to adopt chain store methods.

"This is the age of progressive merchandising and it is necessary for every drugist to be on the alert for the best methods and the best merchandising," he said.

Clyde L. Eddy, of New York, will deliver one of the main addresses tomorrow.

Officers of the association are W. D. Jones, president; S. C. Johnson, T. C. Jones, Atlanta, first vice president; Claud Rountree, Thomasville, second vice president; J. L. Hawk, Atlanta, third vice president; R. C. Wilson, Athens, secretary and treasurer.

The board of directors and executive committee is composed of A. R. McCall, Atlanta; Joe Solomon, Savannah; Claude Rountree, Thomasville; E. L. Murray, Americus; George Wheat, Columbus; Jessie Mitchell, Macon; M. D. Hodges, Marietta; P. C. Rosse, Eatonton; H. M. Herrin, Winder; C. H. Evans, Warrenton; W. M. Vining, Valdosta; H. B. Peterson, Mt. Vernon.

L. A. Dogden is chairman of the local entertainment committee.

A. S. Johnson, representative of DeVilbiss Company, is president of the Traveling Men's Auxiliary and J. M. Abercrombie, of the McRoberts Drug Company, is secretary and treasurer.

SENATOR BROOKHART SPEAKS IN COLUMBUS

COLUMBUS, Ga., April 23.—(P) Senator Smith W. Brookhart, of Iowa, who spoke here yesterday, and here tonight, blamed the "deflation policy" of the federal reserve bank for 65 per cent of the depression of agricultural values, and suggested the organization of distribution and marketing co-operation as a remedy.

"Most of the cause of the deflation is due to laws of the United States, which are too protective of agriculture and the transportation acts which created the interstate commerce commission, along with the federal reserve.

"Co-operation is not a system of war and competition, but all working for the good of all the senator declared. Co-operation is a system of a billion dollars and it has never made a pauper."

HOWINGTON'S INJURIES PROVE TO BE MINOR

ALBANY, Ga., April 23.—(AP)—Era F. Howington, Atlanta, injured in an automobile accident 12 miles north of here last night, was treated for minor injuries at an Albany hospital and dismissed. First reports that he was injured seriously were incorrect.

Ossie Bell, negro, driver, of a wagon into which Howington's automobile crashed, was not injured seriously which will very materially reduce the indebtedness of the bankrupt.

Kunnes went into bankruptcy some months ago and after the stock of merchandise was sold by the trustees it was learned that large shipments of goods were held in Augusta in the name of the court. Officials showed that shipments had been sent from Valdosta to various points up the state and later found their way into the bonded warehouse.

Kunnes denied any knowledge of the goods but truck drivers were told that the hauler in merchandise to freight depots in the city. The disclosures led to the arrest of Kunnes on a federal warrant charging concealment of assets, and Kunnes is now under bond of \$7,000 for his appearance before the federal court in September.

It is alleged that Minson assisted in the removal and shipment of the merchandise from the Kunnes store in this city.

"Industries Spreading to the Open Spaces"

Says

Dr. Julius Klein

Assistant
SECRETARY
of COMMERCE

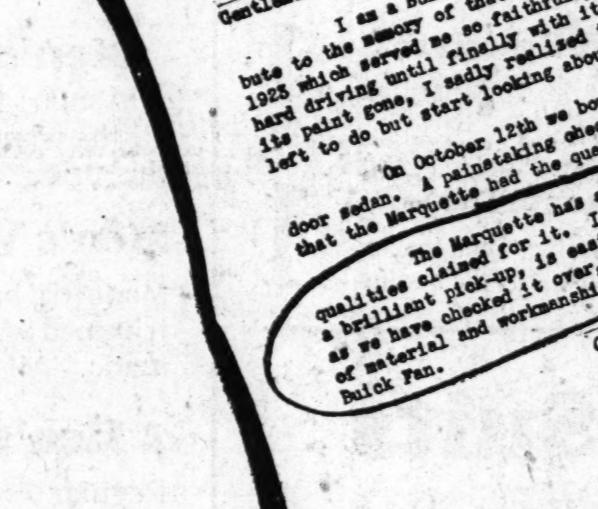

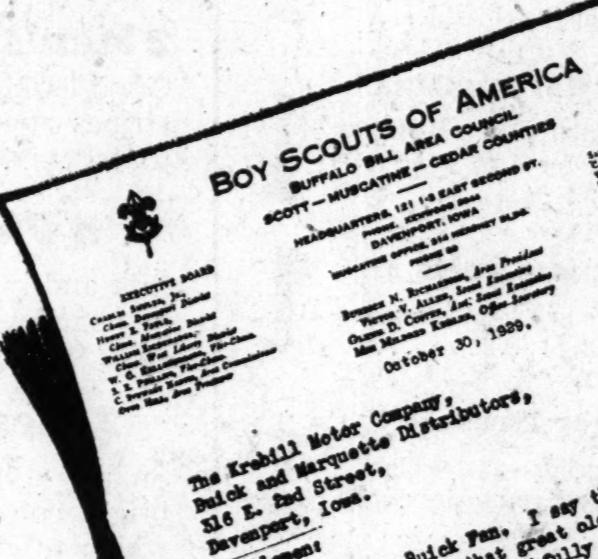

"One vital factor to be borne in mind is the role that will be played in the great future of Southern industry by electric power, transmitted over long distances. This will mean, inevitably, a progressive decentralization of hitherto highly concentrated industries. We shall doubtless see industries spreading, more and more, to the small towns, the 'open spaces.' One finds, in the South, remarkable opportunities for developments of this character."

From an address at the Naval Store Conference, Jacksonville, Fla.

Georgia communities are already experiencing the development which Dr. Klein predicts for the South. Industry is following the power lines into places where manufacture has never been before. Industry must have adequate power, dependable power and low rates. The lines of this Company supply such power, and thus stimulate the progress of the communities we serve.

Five Records Fall in City Prep. Track Meet; B. H. S. Retains Title

Gene Gatlin Sets Two New Marks

Smithies Finish Second to Purple in Annual Event at Grant Field.

Five city prep track and field records were broken Wednesday afternoon at Grant field, when Boys' High retained its city prep league track championship. Four of the records were broken by Boys' High. Tech High set a new mark in the half-mile relay race.

Boys' High scored 48 1/2 points for first place. Tech High was second with 41 1/2 points. Girls' High finished third with 25, and Russell fourth with 11. Decatur was given 1 1/2 of a point.

Charlie Howard, of Boys' High, won the 440-yard event in a close race with Proctor, of G. M. A., in record time. His time was 51.25 seconds.

The old mark of 52 seconds was held jointly by Buster Cook and Bob Mayhew, two former Tech High stars.

"Dopey," Kelley, of Boys' High, won the 220-yard run, in 22.25 seconds, which set a new mark. Bob Vogel, a former Boys' High star, held the old record of 22.8 seconds.

Boys' High's high field star, broke two records, the shot put and the javelin throw. His distance with the shot was 46 feet, 1 1/2 inches and beat Carnes, former Tech High star, by more than a foot.

Gatlin threw the javelin 178 feet, breaking his own record by 11 feet.

Boys' High won only four first places but in doing so, the Purple Hurricane athletes set new marks each time. Four second places gave the Hurricane the margin of victory.

Tech High won seven first places and only two seconds, while the third places were fairly evenly divided.

Bullington was Tech High's star. He won the high and low hurdles and

CARNEA'S MOTHER GOOSE.

Sing a song of sockers, pockets full of dough;
Four and thirteen knockouts pulled in a dizzy row;
But when the last one happened, the boys began to sob
"Isn't this a pretty dish to set before the mob?"

See was in the counting house, counting out his money,
Seven other managers were eating bread and honey;
The mammoth stood there waiting for the diving act to close
When along came a black bird and nicked him on the nose.

BOOTING A MILLION.

Knowing his opponents were all push-overs, Carnera was on his way to a million until the fatal towel fell at Chevalier's feet in a San Francisco ring. That towel may be the most costly piece of tapestry ever known.

About the only chance the mammoth now has is to proclaim his own innocence and rig himself out with a new set of managers who are not towel throwers at heart. Either that or he may have to apply for a job as understudy to the sea elephant in the circus and it is said one has to take several weeks to learn the sea elephant's plaintive call.

Just how the bunch are going to get Carnera out of his present jam remains to be seen. But the chances are some way will be found to lift his bulk out of the sticky goo and scrape away the mud.

A WORRIED MANAGER.

The managers of Carnera may be a trifle worried by now and the same applies to the managers of trailing ball clubs.

But when it comes to real managerial worry we hereby refer you to Manager Ed Kennedy, well known in the swimming circles of Columbia University.

What is Mr. Kennedy managing? Nothing but the 23 women golfers who sailed on the Berengaria Tuesday night and are now upon the high seas on their way to England. That is practically everything Mr. Kennedy has to manage. Outside of this slight detail he will have almost nothing to do.

I saw him just before the squad sailed and he looked as happy and as cheerful as a fellow starting for the electric chair. For any male to attempt to manage 23 women is something. For any one to attempt to manage 23 golfers is also something. We'll let you figure out just what the combination means. We promised to have a nice, new sanitarium ready for him on his arrival early in June, back home again.

Still, there is a chance for glory. With a bunch headed by Glenna Collett, Helen Hicks, Maureen Orcutt and Virginia Van Wie, Manager Kennedy ought to bring back the British cup for the first time in golf history. He is not only managing the largest team of women that ever sailed, but also the strongest where at least four and possibly five, including Edith Quier, have a chance to smash the old hoodoo when the battle fires flame at Formby, a wind-swept seashore links near Liverpool.

SURROUNDING THE BABE.

They have the Babe surrounded now, but this is April. They have had him surrounded before in April, but rarely by October. Peering from last place, poking his head out of the cellar to hear the dull roar of home runs from the bats of the Kleins, Simmonsons, Jacksons, Ottis and others hasn't been any too much fun for the Sultan.

All in all, it has been the toughest start the Babe ever got. Not so much about the home run business, but because he likes to win, possibly more than any one in baseball. He rarely gets his home run bat warmed up before hot weather arrives, but the big shock cage in giving Mack's Athletics a big lead. And Mack's Athletics are no team to give a big lead.

The Yankees were picked by many to give the Athletics their hardest fight. They still have a ball club that can become dangerous at any given moment, but there is no living ball club, or any other brand of ball club, that can spot the Athletics a tidy lead and hope to haul them back. They have too much stuff.

Just at the moment the Babe is more worried about the sombre location of his tribe than anything else. A number of eminent home run-makers have set the pace before and some of them have held it through July and August. But he has always managed to overhaul the pack down the stretch. He will have more competition this season than he ever had before.

Al Simmons has already blown himself to a fast start. Klein and Ott, the slugging kings of the National, will be something to watch. And each season now the Babe is a year older.

The game doesn't get any easier as the seasons roll along and the years pile up. But if the Yankees can emerge from the rut and get going Ruth can then take charge of his own situation with a lighter heart.

THE RACES TO DATE.

The Athletics have justified the early odds laid against them, but the Cubs have not. Connie Mack has already shown the best team in his league—the best team in baseball.

But the Cubs may be in for a bale of trouble. Hornsby is still a doubtful case for a full season's count. And the Cubs need Hornsby more than any mere trifles. They have some tough opposition ahead from the Giants, Cardinals and Pirates and possibly one or two others. It will be hard digging for any ball club to open up a gap in the National league this year with so many strengthened teams all set to get up and make trouble for anybody.

Tech Golf Team On Eastern Tour

GAFFETTE, Ind., April 22.—(AP) Orval Martin, Purdue University's star runner, is after the Western conference outdoor mile record this year.

Martin already has breached the mile tape in two-tenths of a second less than the Big Ten record, and he hopes to clinch the record in 1930. The record, 4:15.8, was set by Fall of Oberlin, 13 years ago.

Martin, whose most remarkable performance of all probably was his going through five Big Ten championship meets without defeat, holds the conference mile and half-mile indoor records. He won the conference cross country championship last fall, broke the Illinois relays 1,500-meter mark in 1929, and the 1,000-yard mark at the same meet this spring.

His running statistics, as is rarely seen, Martin this year won the mile indoor race and a short time afterward came back to break his own Big Ten half mile mark.

The Purdue runner, who is captain of the squad this spring, stepped into the middle of the collegiate track spotlight as a sophomore when he set a record of 4:08.9 in 1929. He won the mile race the following spring. Since that time he has been one of the most feared runners of the country.

THOMASVILLE, Ga., April 23.—Gordon college will play two games with Mercer freshmen this week, one Thursday afternoon and one Friday, at 3:30 o'clock on Summer's field, Barnesville.

They will also play Saturday, this game being with the Atlanta all-star team at 2:30 o'clock.

Gordon's record remains unblemished so far for this season, having won every game.

Thomasville Urges Baseball Plans

THOMASVILLE, Ga., April 23.—Thomasville baseball fans appear to be rallying vigorously in support of plans being put forward to organize a real ball team here, to play in the six-county league—officially known as the North Florida-South Georgia loop.

Many citizens have come forward with cash contributions to be used in getting uniforms and other equipment, and the local stadium corporation has, it is stated, promised to have some work done on the diamond and outfield and in and around the grounds generally.

The season opens on Tuesday, May 6, and will run for 16 weeks, each member team playing two games weekly—one at home, the other out of town.

It is a league of amateur teams, players being permitted from among those living in any part of the country in which a team is located.

JOHNNY DAWSON STOPS 'EXPOSE' IN GOLF RANKS

Western Friends of Barred Amateur Ready To Fire at U. S. G. A.

NEW YORK, April 23.—(AP)—Before sailing for England aboard the Berengaria early today, Johnny Dawson, of New York, declared ineligible for amateur golf in this country, acted to prevent a threatened expose on his behalf which might have blasted the august United States Golf Association to its very foundations.

The storm was brewed in the midwest where Johnny has a host of admirers, and was aimed at the amateur standing of a number of the country's most prominent golfers.

BLOCKS MOVE.

Although grievously disappointed by the recent action barring him from further amateur competition, Dawson, a sportswriter, refused to authorize the move on his behalf. Johnny pleaded with his western friends not to make public the documents and charges they had prepared.

This sporting action on Dawson's behalf would be an outburst which undoubtedly would bring the most important amateur golfers to the United States G. A. as well as for a number of golfers who at the present are recognized as amateurs?

The move on Johnny's behalf might have been unsuccessful, for the present, but the fact that the U. S. G. A. are firmly entrenched, but it would have caused a most unsatisfactory result and would have given the game of golf in this country a decided black eye.

Because of this, although he still hopes to regain his amateur status, Johnny Dawson spoke firmly to his friends in the west and succeeded in persuading them to withhold their support temporarily. Whether the matter will be brought up when a representative of the Western Golf Association attends a meeting of the executive committee of the U. S. G. A. at Southampton this coming weekend remains to be seen.

LITTLE CHANCE.

The question of Dawson's eligibility will be discussed on that occasion, with little likelihood that Johnny will be re-instated as an amateur. In view of Dawson's sporting attitude towards those who barred him, and because it is recognized that he has the welfare of the amateur game at heart, it is unfortunate that he cannot be held in honour. At present he is involved upon a technicality, open to two interpretations.

Dawson works for Spalding's, but maintains that he is not being paid for his skill as a golfer, which is admittedly exceptional. Something to be said on his behalf in this connection is that his salary is small, obviously not one which would be paid by any second rate employer because of his golfing skill. Moreover, he has worked for Spalding's for nine years and did so before he played golf at all.

Johnny has been advised by officials of the U. S. G. A. to leave the sporting goods firm if he wishes to regain his amateur standing. He has been offered the position of general manager to represent a bond house, an occupation in which he admittedly would be paid because of his ability

to play golf. But he would be an amateur under these circumstances, according to the U. S. G. A. ruling.

Having made up his mind to remain with his present employers, "even if I never play another game of golf," as he told me last night just before sailing, Dawson is likely to remain ineligible for some time, possibly until a more liberal group takes control of the U. S. G. A.

The threatened storm, which may have led to some such change, but he did not desire it on his behalf.

Miss Edna Oetgen Marries Britt Ware Burch at Church

The marriage of Miss Edna Margaret Oetgen and Britt Ware Burch was beautifully and impressively solemnized last evening at St. Luke's Episcopal church before a large gathering of friends and relatives, the ceremony being performed by the Rev. N. R. High Moor. The altar was decorated with Easter lilies, palms and ferns, and seven-branched candelabra holding tall white tapers were on either side of the chancel. Clusters of Easter lilies tied with white satin ribbon were on the ends of the pews where the family and intimate friends were seated.

A program of nuptial music was rendered on the organ by Miss Mabelle Horton, including Shubert's "Serenade," Lecygne by Saint Saens, Lied by Gounod, and L'Iszt. The final chorus from Lohengrin was used as the processional, and Mendelssohn's wedding march from "Midsummer Night's Dream" was played as the recessional. Preceding the entrance of the wedding party St. Luke's full-vested choir entered singing Lohengrin's Bridal chorus, and during the ceremony they softly sang "Oh Perfect Love."

Bridal Party.

The bridal party formed a pictureque background for the ceremony, forming at the entrance of the chancel. Entering first were the ushers, John Mathison and Thad Blackstock, followed by the groomsmen, John Fox, of Birmingham, and Clinton White. Mrs. W. Arthur Stokes, Jr., who married the bride, wore a gown of yellow taffeta, made in tight-fitting lines, with a bow at the waist line. She carried a large bouquet of varicolored garden flowers including roses, sweet peas, snapdragons and lilies of the valley. Miss Willie Lee, maid of honor, was maid-of-honor, and she wore a similar gown as the matron of honor in the shade of Nile green, and carried a bouquet of the same flowers. The bride's maids, Miss Frances Malone and Vernon Longmire, wore duplicate gowns in the shade of light pink and blue. They carried bouquets of similar garden flowers. Little Miss Peggy Johnson, daughter of Mr. and Mrs. E. Raymond Johnson, was the flower girl, and she wore a dress of flesh tulle.

Following the ceremony Mr. and Mrs. Styron were hosts at a reception at their home on Bellvue drive. The home was artistically decorated for the Easter season. In the dining room the table had for its center a silver bowl filled with roses and snapdragons. Receiving the guests with Mr. and Mrs. Styron were the bride and groom and the members of the wedding party. Mrs. W. C. Washington served punch and Miss Mildred Brannen kept the bride's book.

Following the reception the bride and groom left for a wedding journey to various points in North Carolina. Mrs. Burch was lovely in a traditional costume of brocade tweed, with each shell blouse and trousers in blushing shades. Upon their return Mr. and Mrs. Burch will take possession of their apartment at 1215 Virginia.

Among the out-of-town guests attending the wedding were Miss Louisa Landers of Seminole, who is the guest of Mr. and Mrs. Styron, John Fox, of Birmingham, and Mr. and Mrs. Lawson Burch of Montgomery, Ala., brother and sister of the groom.

Lieutenant Colonel Adna R. Chaffee, who comes to Atlanta as one of the horse show judges, will be the guest of Colonel and Mrs. Fitzhugh Lee at their country place, Moon Run, at Marietta.

Colonel Chaffee is one of the most brilliant young cavalrymen in the service. He is the son of the late Major General Adna Chaffee, who spent his long and notable military career exclusively in the cavalry. Serving throughout the War Between the States he remained in the service following peace terms and won promotion after promotion finally attaining the rank of major general and later becoming chief of staff in Washington.

Colonel Chaffee is now attached to the general staff in Washington. He is a prime authority on horse flesh and is a member of the board of managers at Madison Square Garden and the Virginia horse shows. With John Kennedy, field artillery, U. S. A., who likewise is making a trip to Atlanta, especially for the horse show, Colonel Chaffee will judge the hunters, jumpers and polo ponies.

1901

When the Whitehall-Peachtree Viaduct was completed...

North Atlanta and South Atlanta... cut asunder by a yawning railroad chasm... had long been a source of despair to forward-looking Atlantans. The gorge was rough going at the best of times... but almost impossible in inclement weather. And it took a mammoth engineering feat to bridge the gap and dissipate increasing sectional jealousy!

In 1901, when the Peachtree-Whitehall viaduct was completed and became the central unit in a vast system to be completed many years later

ruffles romance rings!

THAT'S every girl's program for this summer! The romantic revival of feminine fashions is predicted to start all sorts of engagement rumors! But remember that

the new clothes demand the new complexion!

A more "natural" skin-tone is in vogue—a rich pearl-cream color, with delicate texture just made for extremes! Armand Cold Cream Powder produces this effect. You rub it first into the puffs, then spread on smoothly, slowly, evenly—toning the face to a fresher tint, and more lasting loveliness.

"Sunk!"

The girl who lets periodic pains interfere with her activities has not heard of Midol. These wonderful little tablets act quite harmlessly, directly on the organs affected. They do not interfere with nature, but they do remove every particle of that unnatural, unnecessary pain.

Midol will end the most severe monthly pain in five to seven minutes. Midol is a marvelous pain-killer, not a sedative. It is not a narcotic, yet it ends all that needless pain. And if you anticipate the time the expected pain will not appear at all. Tiny tablets in convenient little metal case obtainable at every drug store. Isn't it folly to suffer month after month? Many have found Midol the quickest relief for headaches, neuralgia, neuritis, and other pain. (adv.)

Adventures of Secketary Hawkins

MONTILLA, THE FALSE FRIEND OF OURS, WHO HAD COME SUDDENLY INTO THE ROOM THROUGH THE DOOR BEHIND THE BIG PICTURE ON THE WALL, WAS PLEADING FOR US TO SAVE HIM FROM THE POLICE. "SEE, HE SAID EAGERLY, TO LUCIO, I HAVE ESCAPED—

"THE POLICE WILL NOT LOOK FOR ME HERE—PROMISE YOU WILL LET ME HIDE HERE." THEN, SUDDENLY TURNING HIS HEAD AND SEEING THAT THE BIG PICTURE STILL HUNG INWARD ALLOWING AN OPENING IN THE WALL—"SHUT THAT DOOR," HE SCREAMED—

"SHUT THAT DOOR!" HE REPEATED SHRIILY. "THEY MUST NOT COME IN!" A MOMENT OF SILENCE. "WE ARE HERE, SEÑOR," SAID A VOICE FROM ANOTHER PART OF THE ROOM. ALL OF US TURNED OUR HEADS QUICKLY; IN THE DOOR OF THE LIBRARY STOOD A POLICEMAN

"WE HAVE FOLLOWED YOU EVERY STEP, SEÑOR." HE SAID, SPEAKING TO MONTILLA. "DO YOU THINK YOU SHOULD FOOL US? YOU WERE NEVER FAR AWAY FROM US, ALTHOUGH AT TIMES OUT OF SIGHT. WE KNEW WHERE WE SHOULD FIND YOU AT LAST."

The Emperor of America by Sax Rohmer

Thirty-eighth Installment.
"What's your name?" Roscoe demanded.

"Manolo Vara."

"Group master of Zones?"

"Yes."

"Why was a gas-mask served out to you?"

Vara's twitching face blanched.

"I don't know!" he cried paled.

"Everybody who could get on deck

was craning over White Hawk's rails.

Women's voices spoke excitedly.

"Some queer craft, sir," said the second officer. "A flying-boat. Must be a survival experiment."

Captain Ransome focussed his glasses, and:

"Right on our course!" he muttered.

"Ask Commander Roscoe to step up on the deck."

A minute later came a rap on the door of Stefford's cabin. As the messenger walked in:

"Your cigar case isn't functioning," Roscoe said tensely. "Don't waste a second. I'll join you in your room."

Stefford halted, staring. Under its tan Drake Roscoe's face had paled.

"Old man," he said, "we've played into their hands. The men of the Head Centre are aboard this yacht. We're thirty miles from shore, and the nearest ship to count, La Patrie, is half an hour's steaming away."

At about the time that Hilary Partington had sought aboard Peter Peter's yacht, the light glistened steadily in the vaults below Manhattan. The woman seated behind the long table did not stir. Then, uncannily:

"Chief chemist," a voice said. "Speaking from airplane base."

"The plane," he said, "is based at Head Centre, New York, understands the method, but it is new to me."

"Certainly," came a cheery reply. "The new T. N. vapor is discharged through a series of tubes fitted below the plane. Being very much heavier than air, it falls, with weather, and it is still now, and will so continue—a plane acting from a fair altitude could register on an unprotected target of the size of White Hawk with certainty. The discharge is noiseless, and T. N. vapor is invisible."

Silence ensued, until:

"It is certainly and immediately effective," the calm feminine voice asked.

"The vapor is destructive of all life, animal and vegetable."

"There is a Zone official on board," he said. "He has orders to leave the yacht before the act. In the event of the accident he has been served out a special mask."

"How long elapses?"

"From 10 to 15 minutes."

"Have you a supply of this antidote with you?"

"But certainly!" replied the joyous tones—those of one welded to his ghastly science and immune from all human emotions. "The unforeseen may occur, you know!"

"Is it necessary for you to supervise operations on White Hawk from plane in person?"

"Not absolutely. My assistant could take charge."

"Instruct assistant chemist to take charge," the woman ordered. "Transferring to Flying-boat G. You will promptly come with a suitable supply of the antidote to T. N. vapor. Commander Drake Roscoe is to be brought back alive to base."

"It may be too late."

"The nasal voice, which sounded as though its owner were in the vault, broke in:

"Sector Captain 2 B 3 on the line."

"Connect him."

"A moment later:

"Sector 2 B 3," a harsh voice announced.

"Your report."

"Plane with assistant chemist on board dispatched in accordance with orders of Captain Master 3, Divisional Sector. Told to operate White Hawk at 7:20—40-28 north, 73-58 west. Flying-boat with chief chemist on board reports White Hawk sighted. All clear. La Patrie ahead of time. Due in 10 minutes. Report ends."

(Continued Tomorrow.)

Two Plans for Obtaining Subscriptions

Credits are all you need to win one of the regular awards and credits are given you for securing renewal and new subscriptions to The Atlanta Constitution. You may get these subscriptions anywhere and from anyone and two plans are offered to you for obtaining them.

You can take subscriptions by contract, whereby the new subscriber signs to take The Constitution for a period of 6 months or 12 months and they pay the carrier each week for the paper. You do not collect any money whatever for these subscriptions.

Or you can take prepaid subscriptions from both Old and New subscribers and they pay in advance.

The Atlanta Constitution's plan of taking ONLY contracts on NEW subscriptions and paid-in-advance on both Old and New makes it fair for all candidates as it precludes any possible chance of an agent or carrier to turn over to a candidate hundreds of OLD subscribers' contracts, which would be very unfair to those working for their subscriptions. The subscriptions are verified—bona fide—and the workers receive the rewards.

Guesses, theories, mere claims---all these now go by the boards. Facts that cannot be successfully challenged, facts about the present newspaper situation in Atlanta are now available for every advertiser, present or potential.

What are the facts about this long-discussed "duplication of circulation?" Which newspaper really possesses desirable, **exclusive** circulation that no other paper pretends to reach?

What are the facts---from the readers themselves---on which to base an advertising appropriation for the Atlanta market?

Copies of the booklet, "Just What Is the Circulation Duplication in Atlanta," are now available. Since the supply is limited, we counsel your immediate request.

BY JOHN P. BOUGHAN,
Associated Pres. Market Editor.

CHICAGO, April 23.—(P)—Something akin to buoyancy returned to the wheat market today after a fortnight of declines which had pulled prices down to a 10-month low. The swing, broadening out of export business, wheat from North America was largely responsible for the right-about-face action of the market, and so, too, was the fact that federal farm board allies were taking ownership of immense quantities of cash wheat in exchange for May delivery contracts. Furthermore, wheat contracts were well at hand from the southwest with a short crop predicted for parts of Kansas and Oklahoma unless rains come soon.

Closing quotations on wheat were first at nearly the day's top level, 1 to 2 3/8c a bushel higher than yesterday's finish. Corn closed 3 1/4 to 1 1/8c up, oats 3 1/2 to 3 1/4c advanced and provisions unchanged to a rise of 10c.

Estimates were current that European purchases of wheat to be shipped from Canada and the United States had reached an aggregate of 3,500,000 bushels or more in the last 48 hours.

The total crop and quantity of No. 2 domestic hard winter wheat to go by way of the Gulf of Mexico, and significance was also attached to the fact that Pacific coast bids were likewise apparently on a working basis. Meanwhile special rice was being taken off the official weekly crop report for Washington, which this despite rains in the drought southwest is still largely unrevealed, with wheat deteriorating over central and southwestern Kansas in particular, as well as central and western Oklahoma.

Toward the last, talk was heard that exports yesterday and today had been stepped up to a degree, and at similar time in many months, with millers abroad buying and with Liverpool quotations showing the best premium over Chicago that has prevailed in a long while.

Corn and oats advanced with wheat. Besides, contract stocks of corn in Chicago are now almost 10,000,000 bushels or more than this past year, and country offerings are light.

Provisions were somewhat firmer because of scattered buying despite wintures in hog values.

Irregularity is Expected to Continue in Stock Market Until Technical Position Becomes Normal. Illinois Banker Says Business is Improving Slowly. Durant is "Bull" on United States.

NEW YORK, April 23.—With a group of specialists making new 1930 highs, the stock market opened very active and strong. Radio, Radio-Keith and Fox were the features. In the second hour there was heavy selling of leaders with the tape dropping 20 minutes behind the floor. In the noon hour there was a recovery with the tape catching up, after which the market was irregular.

Investors are expected to continue in the stock market until technical conditions caused by recent activity for the rise are corrected; also until more corporation first quarter earnings statements are out of the way. These statements with few exceptions are making an unfavorable showing compared with the first three months of last year.

Efforts were made in Wall street today to throw sunshine on General Motors first quarter earnings, showing only 98 cents a share for the common stock against \$1.01 for the preferred. However, the stock market is still holding with new business in some lines diminishing the industry as a whole showing some improvement the past week mainly because of larger orders from the automobile industry, especially from makers of low priced cars.

Bull on America.

In his statement given out just before sailing for Europe W. C. Durant says he is a bull on this country, the stock market, and general trade for the longer look ahead but he predicts that the coming winter "will see business conditions unimproved, longer and more severe." Incomes, certainly uneasiness and distress and a more pronounced tendency to socialism and communism.

For this outlook Durant blames the federal reserve board for first adopting a policy of easy money which encouraged inflation and then by its useless compensation to restore confidence which they so ruthlessly and needlessly destroyed.

He does not believe that there will be relief "until we have leadership that has the confidence of the people until congress enacts a law which will control the stock market."

Some Wall street people would not be surprised if General Electric shares was accompanied by rumors that a deal is on whereby Radio-Keith will acquire control of Loew's from Fox. Fox could use the money thus raised to advantage in paying off its floating debts and Radio-Keith could make the most of Loew's.

Some Wall street people would not be surprised if the new holding company that will radio stock with the stock of the new holding company given to General Electric shareholders. Such an arrangement would follow the plan adopted by General Electric when it formed the new electric securities holding company to take over Electric Bond and Share with the stock of the new holding company given to General Electric shareholders.

Such a plan for disposing of Radio stock might prevent friction with government officials.

Eastern Kodak will celebrate its 50th birthday this year. Talk was heard today of a six for one split up before the end of the year. This company had a ten for one split up in 1922. Since then it has accumulated another large surplus.

Earnings Reports. Packard Motor after deducting some \$800,000 from a reserve fund reports 17 cents a share earned for its first quarter on 35,000,000 shares of common stock against 41 cents for the first three months of 1929. Net income was \$3,472,000 against \$7,114,000.

Aitchison reports \$22.69 a share earned for its common stock in 1929 against \$18.00 for 1928. It took \$6,200,000 to pay preferred dividends and \$21,162,000 for common dividends. The surplus over dividends was \$3,500,000 in accumulated reserves of \$31,400,000 not including \$88,000,000 of income used for improvements and betterments properly chargeable to capital account. The outstanding common stock is \$21,000,000. These figures explain the high price for Aitchison common the last year.

Reports To Be Made Today On 'Health Education Week'

Reports from committee chairmen engaged in preliminary arrangements for local observance of "Health Education Week," in Atlanta, from May 5-10, will be a feature of a special meeting called by Dr. C. W. Roberts, general chairman of the committee for the Fulton County Medical Society, for the American Medical Association, to be held on Preston Street this afternoon.

Cross currents are reported in the iron and steel trade in technical reviews with price situation sensitive and buyers extremely nervous.

During the week there will be a physical examination of all of the children in the city public school system will be held in order to arrest incipient diseases and remove the danger of contagious epidemics.

This inspection of school children will be conducted under direction of Miss Lillian Albrecht, supervisor of the city's nursing system.

The concluding event of the week

will be a meeting on the night of Friday, May 9, to be addressed by Dr. W. S. Rankin, former state health

officer of North Carolina and now head of the hospital organization of the Duke Endowment at Charlotte, North Carolina.

Another feature of the week will consist of a series of meetings among the colored population, arranged by Dr. C. W. Reeves.

Each day during the week, at 1:30 o'clock, there will be a short radio address by one of the leaders of the medical profession.

Co-operation of all members of the local dental society has been assured by Dr. Thomas Conner, chairman of the committee, who has designated the following Atlanta dentists to serve with committee members from the medical men: Radio program, Dr. J. G. Williams; sound recordings, Dr. C. N. Hughes; civic clubs, Dr. Paul W. Key; addresses at churches, Dr. B. T. Carter; movie films, Dr. Harle L. Parks; chapel addresses, Dr. W. A. Garrett; Fulton County medical group, Dr. F. D. Hinman; speakers' bureau, Dr. K. R. Armstrong; campaign for colored people, Dr. R. L. Dement.

DRY LAW BREAK LAID TO CAPONE CARETAKER

MIAMI, Fla., April 23.—(AP)—Frank Newton, caretaker for Al Capone at the latter's palatial Palm Island winter home today heard a criminal court judge sentence him to pay a fine of \$500 or spend six months in jail for a liquor conviction resulting from seizure by officers of a quantity of liquor at the Capone home on March 20. Newton's attorney filed notice of appeal from the decision, and he posted \$1,000 cash appeal bond.

While this angle of the intricate legal maze that surrounds Capone and his household was developing, Capone himself spent two weeks' vacation in the floating stock of his new Durant Motor Company.

Those who bought that stock thinking it would be another General Motors were greatly disappointed. Turning

Hearing on the padlock suit, filed by State Attorney H. Vernon Hawthorne is scheduled for Saturday morning, 24 hours after Federal Judge Halsted L. Ritter has heard testimony to determine whether to make permanent his temporary injunction forbidding 20 north and east Florida sheriffs from arresting Capone without a warrant. The temporary injunction was issued after Governor Clinton ordered the 67 sheriffs of the state to arrest the racketeer if his winter residence under the Florida nuisance act.

Mr. Steuer had opposed the appointment of either Mr. Bartholomew or Supreme Court Justice Mitchell Erlanger, brother of the dead man, as administrator on the ground that they are interested parties. Both were named administrators in the will, which did not mention Charlotte Fixer Erlanger.

Mr. Erlanger died March 7 and the following day Mr. Steuer announced that the woman had retained him to defend her interests and that he was prepared to prove that she and Mr. Erlanger had lived together as man and wife for 15 years prior to the theater man's death. Jimmie Foye had said the night his brother died: "There is no Mrs. Erlanger."

Surrogate Foley said her status as Mr. Erlanger's common-law wife must be established before the trial of objections to the probate of the will could proceed.

LEXINGTON, Ky., April 23.—(AP)—A will was filed in the circuit court in behalf of William LaVarré, Georgia and South Carolina newspaper owner, who is wanted in Macon, Ga., for alleged contempt of court in connection with an order of Federal Judge Bascom Deaver, was dismissed today by Federal Judge Alfred C. Cox. The trial of LaVarré will have to return to Georgia.

LaVarré was part purchaser of four newspapers in Georgia and South Carolina, receiving aid, it was said, from the International Paper Company. When that corporation with its newspapers became involved in difficulties and a custodian was appointed by Federal Judge Bascom Deaver.

The custodian was refused access to the properties of the Columbia (S.C.) Record and LaVarré was adjudged in contempt.

Evangelist Plans Sermon on Bishop Maxon, Liquor

CHATTANOOGA, Tenn., April 23, (UPI)—A tent evangelist postponed his sermon entitled "Bishop Maxon and Prohibition: As You Sow Shall Ye Reap" tonight while he wired an episcopal board conductor of this city, now in New York to be with his son, held for homicide in the death of his godson during an alleged drunken brawl.

A affidavits of five physicians were presented in support of the 54-year-old multi-millionaire's plea that his weight had dropped from 150 to 112-1/2 pounds that he has had repeated heart attacks in jail, and that his health and his health and death in the near future will result unless he is released.

The application also set forth that "circumstances of an extraordinary character have occurred since conviction." These were said to include filing of lawsuits against Pantages, other allegations, and one for \$250,000 by Nicholas Dungan, Mrs. Pringle's former dancing partner, alleging slander, and one for \$250,000 by Frederick T. Wise, witness at Pantages' trial, alleging slandering.

Pantages' applications for bail have been denied twice by the Los Angeles superior court, the prosecuting attorney there contending in each instance that it was Pantages' intention to leave the jurisdiction of the court in an effort to avoid the penitentiary sentence of 1 to 50 years imposed upon him.

The rector said that he decided at the time he married that if he and his wife had any children and his wife should insist upon rearing them in the Catholic faith, he would resign his priesthood.

Mr. Velasco took the stand today in his own behalf, and while his blonde and petite wife listened, told the jury that "love does not wait on religious persuasion."

He did not marry her because she is a Roman Catholic, he said. "I married her in spite of it."

For nearly two hours his booming voice expounded his case.

The rector said that he decided before he was ordained he signed a provision that in the event he married a non-Catholic he would resign his priesthood.

He said he signed under pressure, but that after his ordination he reopened the matter and was successful in having it rescinded. He said he was told by the reverend Theodore Will, of Ashland, archdeacon and secretary of the standing diocese committee prosecuting him, that the entire matter of his marriage had been expunged from the records.

"When I was approached on the matter of signing the agreement," Mr. Velasco added, "I said 'I want my orders as much as any man ever wants to serve his God, but I see no reason I should not marry the girl I love.'

He said he was told by the reverend Theodore Will, of Ashland, archdeacon and secretary of the standing diocese committee prosecuting him, that the entire matter of his marriage had been expunged from the records.

"When I was approached on the matter of signing the agreement," Mr. Velasco added, "I said 'I want my orders as much as any man ever wants to serve his God, but I see no reason I should not marry the girl I love.'

The rector said that he decided before he was ordained he signed a provision that in the event he married a non-Catholic he would resign his priesthood.

Wanted in Slaying, 'Tighthead' Captured

Arthur Brown, 25, who lives in the rear of 393 Courtland street, and is known in his section as "Tighthead," was surrounded and captured in a house on Trenholm street, near Chappell street, late Wednesday night by police officers, who wanted him in connection with the fatal shooting of West Swan, a negro, yesterday on West Fair street, Tuesday night.

Captain James L. Gordon learned of the negro's hiding place and, accompanied by Capt. Officers Robert Mosley and Robert Floyd, and Detectives George Caldwell and A. E. Davis, the raid was staged. The negro attempted to escape out of a rear window and was shot at by Officer Mosley. He then played "possum" until picked up and carried to headquarters.

He was being held on a charge of suspicion, but the officers stated that "Tighthead" admitted to them that he killed the Swanson negro.

AT CANDLER FIELD

Flying in two perfect "V" formations, on their way to the Columbia air meet, which will hold forth to-morrow, will be the 10th annual Pan-American six navy ships from Pensacola swooped down to landings, refueled at the Southern Air Transport pumps and then sped on their way, resuming their two formations of three planes each almost before they had shaken the dust of Candler field from their wings. The two formations were three Curtiss Hawks, two of the tail-wing type, powered with D-32 engines, and the other a Curtiss Sea Hawk, equipped with a Pratt & Whitney Wasp—and in the other were three Vought Corsairs, all equipped with Wasp. The Pensacola group was in charge of Lieutenant E. L. Lee Sanders.

Lee Sanders has started the remodeling of his "new" hangar, which is the "old" hangar of Southern Air Transport, Inc., until he bought it and moved it to his site at the dust of Candler field from the wings.

The first renovation being undertaken involves the removing of partitions in the section used by Lee for class-rooms. Lee Sanders, S. A. T. and his wife, here, said Wednesday night that his company probably would be able to take possession of its new offices in a week or ten days, though the hangar itself likely will not be ready for occupancy for about a month. The company will continue to use the Blevins hangar for storage purposes until the new S. A. T. building is completed, he added.

Major General Frank McCoy, commander of the fourth corps area, has invited the commanding officers of all regular army posts in the area to attend a conference to be held at corps headquarters at Fort McPherson today to discuss training and administrative problems.

The object of the conference is to simplify problems of training and administration, especially in the training of the wing maneuvers of the regular army troops stationed in the eight southeastern states, which are to be held at Fort Benning, Ga., in April, 1931.

Following the conference, General G. E. Estes, commanding officer of the 22nd Infantry, will march the 22nd

infantry in review on the main parade ground at the fort at 4:30 o'clock this afternoon. The public is invited to attend this review which will be preceded by a salute from 11 guns in honor of the visiting officers.

Former residents of Monticello who have made names for themselves in Atlanta today will be hosts to more than 40 men from their "old hometown," when L. W. Robert, James Robertson and Walter Hill will entertain them at luncheon at the C. C. Club of Atlanta, the home of the Atlanta football game at Spiller's field where Rel. H. Spiller will act as a co-host.

Dr. M. L. Brittain, of Georgia Tech, will be present to help entertain while the Atlanta newspapers will be represented by Clark Howell, Jr., C. W. Nowlin, Alton Howell, Charles Smith, John S. Cohen, Paul Stevenson and O. B. Keeler.

Others who will help welcome the visitors will be: Bobby Jones, Mayor Ragsdale, Gordon Hardy, deputy sheriff; Captain L. W. Robert, Jim Robertson, Jr., Marion Swanson, H. E. Jones, Grant Jackson, Arthur Lucas, Fred Wilson, Fred Schaefer, Tess Bradshaw, Charlie Thompson, Rufus Lang, Harvey Hill, Frank Shumate, Tom Daniel, Jordan Massey, Roland Ellis, Robert F. Madox, G. W. Willis, Scott Hudson, Dr. M. McCord, Walter Carter, Jess Draper and Councillor Hoffman.

A Pitcairn Sport Mailwing the new P-AT-1 of this type to visit Candler Field in Atlanta, will be flown here Wednesday by J. H. Lamp, New York sportsman-pilot, who stopped overnight at the Curtiss-Wright hangar on a business trip to San Antonio. Departing from the usual Pitcairn black-and-yellow combination, Mr. Lamp has had his tail painted a brilliant green, as to follow the mailwing with wings of cream. Major-General Frank McCoy, commanding general of the Fourth Corps Area, after a two-day inspection trip to Maxwell Field, Montgomery, Ala., and Jackson, Miss., returned Wednesday on schedule in a new Douglas O-22, piloted by Lieutenant John W. Sessions of Maxwell.

Durward Ledbetter, mail pilot for Interstate Airlines on the Evansville-Atlanta run, Tuesday night on the nocturnal flight to Candler Field, had to pitch himself several times to avoid hitting a heavy snowstorm just north of Tennessee's Sky Harbor at Murfreesboro. Snowstorms are bad

The service will be operated by domestic air mail contractors and the Pan-American Airways System, with Atlanta linked in the vast system through the Atlanta-Miami division of Eastern Air Lines. Interests from the eastern half of the United States will fly through Atlanta in planes of Gulf Coast Airways (Atlanta-New Orleans), Interstate Airlines (Chicago-Atlanta) and Eastern Air Transport, Inc. NEW P. O. SITE DECISION EXPECTED THIS WEEK

Philip Promises Selection Not Later Than Today or Friday.

BY GLADSTONE WILLIAMS.

WASHINGTON, April 23.—(Special)—Prospects for an announcement either Thursday or Friday on the location of the new post office in Atlanta, which had been held out today by Fourth Assistant Postmaster General John W. Philip, following his return from the city, where, in company with Assistant Secretary of the Treasury F. Heath, he made an inspection of all proposed sites last Friday.

Mr. Philip said he hoped to be able to settle the site question tomorrow, but that in any event the announcement should be forthcoming not later than Friday.

"We went over the situation thoroughly," Atlanta's Postmaster, the public department official said, "and everything is in readiness to make a decision at once. For the moment we are awaiting the preparation of final figures on several sites which have been found favorable. These figures should be ready for our consideration as soon as possible, so we hope to announce a selection at the following day."

As a result of the several conferences he and Assistant Secretary Heath held while in Atlanta Mr. Philip declared that the department had chosen at last the most favorable site and informed him of the wishes of the city and will seek to settle the question in a manner satisfactory to all.

While he would not reveal the specific sites to which the negotiations have narrowed down, he did say he knew that they all include

Georgia street and are in the general vicinity of the Atlanta terminal station.

At the same time he revealed that the site of the Central of Georgia railway adjacent to the station, which had been originally planned, may not be entirely out of the picture.

The impression was left that department officials have no intention of seriously considering the railroad property further, except as a last resort.

Selection of a site, Mr. Philip said, will be followed as quickly as possible with the drafting of plans for the new building, after which the government will advertise for bids on Friday afternoon.

Mr. Hornbuckle was a retired busi-

nessman, having interests in many

of the leading business enterprises in Atlanta and he had made many friends in Atlanta on his visits here.

In addition to his son here he is survived by his widow, a daughter, Mrs. Verner C. Comb, and one of Ashland, Ky. Funeral will be held Friday afternoon at 10:30 o'clock from the First Baptist church, Ashland.

Services for Nicholas W. Earliest, for many years clerk of the county court, of Atlanta, were conducted Wednesday afternoon with members of the judiciary and state bar, paying him final tribute. The services were conducted from Spring Hill with the Rev. J. Sprule Lyons officiating. Interment will be held at 10:30 o'clock from the chapel of A. C. Hemperly & Sons, at 10:30 o'clock.

BURTON—Friends and relatives of Mr. and Mrs. John G. Burton, of Atlanta, N. E., died at his home in Ashland, Ky., Wednesday afternoon following a heart attack, with which he was stricken.

Services will be held at 11 o'clock from the church.

Grant B. Hornbuckle, 59, father of

of C. S. Hornbuckle, well-known

contractor, of 947 Saint Charles avenue, N. E., died at his home in Ashland, Ky., Wednesday afternoon following a heart attack, with which he was stricken.

Services will be held at 11 o'clock from the church.

Selection of a site, Mr. Philip said, will be followed as quickly as possible with the drafting of plans for the new building, after which the government will advertise for bids on Friday afternoon.

Mr. Hornbuckle was a retired busi-

nessman, having interests in many

of the leading business enterprises in Atlanta and he had made many

friends in Atlanta on his visits here.

In addition to his son here he is survived by his widow, a daughter, Mrs. Verner C. Comb, and one of Ashland, Ky. Funeral will be held Friday afternoon at 10:30 o'clock from the First Baptist church, Ashland.

Under the revised program recently approved by the Postmaster General, the Atlanta building, erected to house general activities of the federal government in the city, will represent a total outlay of at least \$2,600,000 and perhaps as much as \$3,000,000 instead of the \$2,100,000 authorization carried in the original act.

BARTOW, Fla., April 23.—(P—)

Curtis Smith, charged with the fatal shooting of Ben F. McKinney, peace officer at Lake Garfield last October, was found guilty of a manslaughter charge by a jury in circuit court here today. He will be sentenced Friday.

The shooting occurred when McKinney attempted to arrest Smith for invading the home of the latter's estranged wife and creating a disturbance. Smith previously was tried on a manslaughter charge, but a mistrial resulted.

Bray, a roomer at the Harden home, and Mrs. Harden were found dead in the kitchen by neighbors, who noticed that they saw Bray shoot himself as they ran in, hit by the shot.

Last rites for Mrs. Harden were conducted Wednesday morning from the Cooper Street Baptist church, with the Rev. T. H. Jackson officiating. Interment was in New Hope cemetery.
